12-month Enrollment Overview

The 12-Month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated. Institutions with Doctor's-professional practice students will also report the FTE enrollment of those students. NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

Data Reporting Reminders:

- All institutions must now use the July 1 - June 30 reporting period. There is no longer the option of using the September 1 - August 31 reporting period.

Undergraduate Instructional Activity Type

Undergraduate instructional activity data in Part B may be reported in units of contact hours or credit hours.

Which instructional activity units will you use to report undergraduate instructional activity?

Please note that any graduate level instructional activity must be reported in credit hours.

- Contact hours
- Credit hours
- Both contact and credit hours (some undergraduate programs measured in contact hours and some measured in credit hours)

You may use the space below to provide context for the data you've reported above.

Part B - Instructional Activity

12-month Instructional Activity July 1, 2012 - June 30, 2013

Instructional Activity Reporting Reminder:

- Instructional activity is used to calculate an IPEDS FTE based on the institution's reported calendar system.
- Graduate credit hour activity should not include any doctor's-professional practice activity, the total of those students' FTE is entered separately instead.

FTE Reporting Reminder:

- Institutions need not report their own calculations of undergraduate or graduate FTE unless IPEDS FTE calculations would be misleading for comparison purposes among all IPEDS reporting institutions.

	2012-13 total activity	Prior year data
Instructional Activity		
Undergraduate level:		
Credit hour activity	290,820	312,765
Graduate level:		
Credit hour activity	26,925	29,794

If the IPEDS calculated FTE estimates below are not reasonable, **AND** you have reported the correct instructional activity hours above, enter your best FTE estimate in the "Institution reported FTE" column below and save the page. This option should be used **ONLY** if the calculated estimate is not reasonable for your institution and IPEDS comparisons.

Please provide your best estimate of undergraduate and graduate FTE for the 12-month reporting period **only if the calculated FTE estimate below is not reasonable for IPEDS comparison purposes:**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2014.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Perform Edits	The institution reported FTE entered on the Part B - Instructional Activity screen is significantly different from the estimate calculated from the instructional activity data. FTE should be calculated based on the total contact hours or credit hours (instructional activity) in which an average full-time student is expected to enroll over a 12-month period. Please correct your data or explain the reason for this variance, detailing the method used to calculate the entered FTE. (Error #9215)	Explanation	Yes	
Reason:	Computation is based upon an agreement between the three state universities and the Board of Regents. The total hours for which all students are enrolled at the end of the second week (effective Fall 2004) of Fall/Spring semesters, and the final enrollment of the summer session are determined. These are added together to determine the total hours for the year. Undergraduate hours are divided by 30 and graduate hours by 18 to determine a full-time equivalent.
