

12-month Enrollment 2022-23

Institution: University of Northern Iowa (154095)

User ID: P1540955

Overview

12-month Enrollment Overview

The 12-month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated (4-year institutions only). Institutions with Doctor's - professional practice students will also report the FTE enrollment of those students (4-year institutions only). NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

Data Reporting Reminder:

- All institutions must use the July 1 - June 30 reporting period.
- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes to reporting:

The following changes were implemented for the 2022-23 data collection period:

- The "Nonresident alien" terminology has been changed to "U.S. Nonresident" but should include the same category of students.
- A question about gender has been added at the end of the Part A to collect information about students for whom gender does not fit the binary gender (Men/Women) categories provided. **Institutions should still allocate those students to the Men/Women categories throughout the survey component at this time.**
There are also new FAQs to help with questions about the new reporting.
- A part-time column was added for graduate student unduplicated enrollment counts.
- References to summer term were changed to summer session.
- FAQ #4 has been removed as it refers to an old change.
- FAQ #7 on consistent reporting of EF, E12, and OM has been updated for clarification.
- FAQ on reporting undocumented and DACA students has been updated along with instructions.

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Undergraduate Instructional Activity Type

Which instructional activity units will you use to report undergraduate instructional activity?

- Undergraduate instructional activity data in Part B may be reported in units of clock hours or credit hours.
- Please note that any graduate level instructional activity must be reported in credit hours. (4-year institutions only)

Clock hours

Credit hours

Both clock and credit hours (some undergraduate programs measured in clock hours and some measured in credit hours)

 You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Part A - Unduplicated Count for Full-time Undergraduate Students

12-month Unduplicated Count by Race/Ethnicity and Gender - Full-time Undergraduate Students

July 1, 2021 – June 30, 2022

Reporting Reminders:

- The 12-month unduplicated count must be equal or greater than the corresponding prior year fall enrollment.
- Report Hispanic/Latino individuals of any race as Hispanic/Latino
- Report race for non-Hispanic/Latino individuals only
- Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

Part A - Gender Unknown or another gender than Men/Women categories

12-month Unduplicated Count by Gender Unknown or another gender than provided men/women categories

- The 'gender unknown' category is to report students for whom the institution does not know a gender.
- Institutions should not ask students that do not select a binary gender to allocate themselves to a binary gender category; it is up to the institution to allocate unknown students and students that indicate another gender into the binary categories throughout the forms where required. One method commonly used by institutions is to allocate these students to the binary categories required in other parts of the form using the proportion of men to women reported.

Is your institution able to report **another gender** for the 2022-23 data collection? If you indicate 'No', your institution should leave the cells in the rows for '**Another gender**' blank (i.e., do not report 0). If you indicate 'Yes', but no students identified as **another gender**, please enter '0'.

Undergraduate students:

- Yes
 No

Graduate students:

- Yes
 No

Of the total students reported, how many students did you allocate to a binary gender category (Men/Women) because their gender was unknown or another gender than the provided categories?

	Number of students	
	Undergraduate students	Graduate students
Grand total	8,744	1,773
Gender unknown (i.e., gender information is not known or not collected).	<input type="text" value="0"/>	<input type="text" value="0"/>
Another gender (i.e., gender information is known but does not fall into either of the mutually exclusive binary categories provided [Men/Women]).	<input type="text"/>	<input type="text"/>
Total of Gender unknown + Another gender	0	0
Total of Students for whom gender is known and falls into one of the mutually exclusive binary categories provided [Men/Women]	8,744	1,773

Part A – 12-month Enrollment by Distance Education Status

12-month Unduplicated Count - Distance Education Status

July 1, 2021 – June 30, 2022

	Undergraduate Students		Graduate Students
	Degree/certificate-seeking	Non-degree/non-certificate-seeking	
Students <i>enrolled exclusively</i> in <u>distance education courses</u>	466	169	551
Students <i>enrolled in at least one but not all</i> distance education courses	5,995	20	547
Students <i>not enrolled in any</i> distance education courses	1,947	147	675
Total (from prior part A screens)	8,408	336	1,773

 You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Part B - Instructional Activity

12-month Instructional Activity

July 1, 2021 - June 30, 2022

Instructional Activity Reporting Reminder:

- Instructional activity is used to calculate an IPEDS FTE based on the institution's reported calendar system.
- Graduate credit hour activity should not include any doctor's – professional practice activity, the total of those students' FTE is entered separately instead.

FTE Reporting Reminder:

- Institutions need not report their own calculations of undergraduate or graduate FTE unless IPEDS FTE calculations would be misleading for comparison purposes among all IPEDS reporting institutions.

Instructional Activity

	2021-22 total activity	Prior year data
Undergraduate level:		
<u>Credit hour activity</u>	217,533	230,983
Graduate level:		
<u>Credit hour activity</u>	19,358	20,351

Full-Time Equivalent (FTE) of Students

Calendar system (as reported on the prior year IC Header survey component):	Semester
---	----------

If the IPEDS calculated FTE estimates below are not reasonable, **AND** you have reported the correct instructional activity hours above, enter your best FTE estimate in the "Institution reported FTE" column below and save the page. This option should be used **ONLY** if the calculated estimate is not reasonable for your institution and IPEDS comparisons.

Please provide your best estimate of undergraduate and graduate FTE for the 12-month reporting period **only if the calculated FTE estimate below is not reasonable for IPEDS comparison purposes**. Please provide an explanation in the context box if the option is used due to Coronavirus Pandemic.

	Calculated FTE 2021-22	Institution reported FTE 2021-22	Prior year FTE 2020-21

Reporting Reminders:

- The name of the preparer is being collected so that we can follow up with the appropriate person in the event that there are questions concerning the data.
- The Keyholder will be copied on all email correspondence to other preparers.
- The time it took to prepare this component is being collected so that we can continue to improve our estimate of the reporting burden associated with IPEDS.
- Please include in your estimate the time it took for you to review instructions, query and search data sources, complete and review the component, and submit the data through the Data Collection System.
- Thank you for your assistance.

Summary screen

12-Month Enrollment Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2022.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Edit Report

12-month Enrollment

Source	Description	Severity	Resolved	Options
Screen: Instructional Activity				
Perform Edits	The institution reported FTE entered on the Part B - Instructional Activity screen is significantly different from the estimate calculated from the instructional activity data. FTE should be calculated based on the total clock hours or credit hours (instructional activity) in which an average full-time student is expected to enroll over a 12-month period. Please correct your data or explain the reason for this variance, detailing the method used to calculate the entered FTE. (Error #9215)	Explanation	Yes	
Reason	Computation is based upon an agreement between the three state universities and the Board of Regents. The total hours for which all students are enrolled at the end of the second week (effective Fall 2004) of the Fall/Spring semester and the final enrollment of the summer session are determined. These are added together to determine the total hours for the year. Undergraduate hours are divided by 30 and graduate hours by 18 to determine a full-time equivalent.
